

# CUSTOM LABELS DESIGN. PRINT. DELIVER.

Many of our customers ask us to print a special label featuring their logo and/or printed information specific to their operation. As we are printers, a custom designed label is an easy solution. Here are some examples of the custom labels we print for our customers.

Whether it's a marketing label, a warehouse label, a retail label, a stock control label, or simply a variation to one of our stock range labels from our catalogue, we can help design and print labels to suit your needs.

Previously we have customised a label for a hospital's Special Care Nursery.

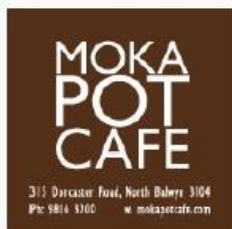

The requirement was for a label that could identify details about expressed breast milk, as well as endure the cooling and reheating process.

Fildes Food Safety manufactures all our labels in-house. We have a dedicated and experienced team of designers, plate makers, printers, and rewind specialists ready to assist.

Our friendly customer service team is on hand to help with any questions you might have regarding custom labels.
